SYLLABUS
PART I
EDISON STATE COMMUNITY COLLEGE
IMD 231S PHOTO EDITING
3 CREDIT HOURS

COURSE DESCRIPTION
Principles of editing photos using appropriate software. Adjusting images, working with selections, masks, channels, and layers, and preparing rasterized images for use in different media will be discussed. Prerequisite: IMD 131S. Lab fee.

COURSE GOALS
The student will:

Bloom's Level		Program Outcomes
3	1. Demonstrate a technical understanding of the use of appropriate software in producing and editing rasterized images.	4, 5, 6
3	2. Apply adjustments and fixes to rasterized images using appropriate software.	3, 5, 6
3	3. Prepare rasterized images for use in various media.	5, 6
5	4. Produce, compile, and edit rasterized images for inclusion in a portfolio.	5, 8, 9
5	5. Critique, analyze, and discuss own work, the work of peers, and the work of other graphic designers.	1, 2, 8

CORE VALUES
The Core Values are a set of principles that guide Edison State in creating its educational programs and environment. They will be reflected in every aspect of the College. Students' educational experiences will incorporate the Core Values at all levels, so that a student who completes a degree program at Edison State will not only have been introduced to each value, but will have had them reinforced and refined at every opportunity.
