

Phlebotomy Student Outcomes

for
EDISON STATE COMMUNITY COLLEGE

The National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) requires public disclosure of student outcomes specific to graduation rate, ASCP exam pass rate, and employment rate. The outcomes for the students enrolled in the Phlebotomy Community College are as follows:

	2023	2024	2025	3 year average
Graduation %	100%	81%	100%	93%
% Pass ASCP exam	100%	-	100%	100%
% Employed	74%	94%	100%	100%
% Attrition	0%	19%	0%	7%

-There were not any students that sat for the ASCP certification exam.

NAACLS requires a benchmark of 75% pass rate, 70% Graduation rate and a 70% Employment/placement rate over a 3-year average.

The employment rate is calculated as the number of students seeking employment who are employed or continuing their education within 6 months of graduation.
