NAACLS requires a benchmark of 75% pass rate, 70% Graduation rate and a 70% Employment/placement rate over a 3-year average.

The graduation rate is calculated as the percentage of students admitted to the program who graduate with their cohort.
The pass rate is calculated as the number of students taking the BOC exam who pass the examination.

The employment rate is calculated as the number of students seeking employment who are employed or continuing their education within 6 months of graduation.
